Usb c power station in China in Switzerland

Overview

Where can I buy a 3C certified power bank in China?

Almost every electronics shop or convenience store in China sells 3C Certified power bank models. Just ask the clerk to show the “3C” mark. Buying locally means no security check stress, no weight issues in your carry-on, and total peace of mind. It's a smart move for travelers who want to stay powered up without the hassle.

Which power bank should you buy in China?

Chinese travelers also prefer these brands, which says a lot. Local staff are usually familiar with them and will help you choose. Anker and Xiaomi are especially popular for their balance of power, speed, and price. Whether you're in a major city or tourist spot, these branded power bank options are easy to find and safe to use.

Can a power bank fly in China?

A: In China, power banks must be under 100Wh and 3C Certified. This rule applies to all domestic and international flights. If your power bank goes over the limit or lacks the 3C mark, it can't fly. Security officers at the airport will check this during screening. You'll need to carry it in your hand luggage, not checked baggage.
