

# What are the brands of tool lithium batteries

## Overview

---

Product Details: Power tool batteries from various manufacturers including Samsung SDI, EVE, Ufine Battery, Lishen, BAK Power, Tenpower, Highstar, Changhong New Energy, Sunpower, and Great Power. What are the best power tool batteries in 2025?

I tested dozens of power tool batteries throughout 2025 and found eight brands that stand out in durability, efficiency, and overall lifespan. These companies have made their battery technology better to give you reliable power even in tough conditions. 1. DeWalt – Best for durability and jobsite use.

Why do you need a power tool battery?

Power tools have become indispensable for both professionals and hobbyists, driving the need for reliable and efficient power tool batteries. Several manufacturers stand out in the market, offering high-quality power tool batteries that ensure long-lasting performance, safety, and efficiency.

Who makes power tool batteries?

BAK Power, which started in 2001, is another prominent manufacturer of power tool batteries. It has headquarters in Shenzhen, China. The company mainly manufactures and supplies prismatic, pouch, and cylindrical cells. There are three facilities in Zhengzhou, Shenzhen, and Chengdu and 5 sales centers worldwide.

How do I choose a replacement battery for my power tools?

Pick your replacement based on voltage requirements and capacity needs to keep your tools running at peak performance. The right battery choice turns your power tools from basic equipment into reliable partners for all your projects. For any inquiry for power tools please contact Large Power team. custom battery pack
