

NKOSITHANDILEB SOLAR

Which brand of solar inverter is afore

Overview

Who is afore inverter?

Afore is a leading PV string inverter provider from China, with more than ten years dedicated experience in PV string inverter R&D and manufacturing, Afore inverters have been installed in Europe, Australia, China, Indian, Japan, North America and South America, satisfying hundreds of thousand users globally.

Are afore solar inverters any good?

Afore has been on the Australian solar scene for quite a while. They offer comparatively cheap inverters, but we've had some mixed reviews over the years regarding quality and support. An inverter being the real workhorse of a system, it's not something you should cut corners on.

Who won 'Top 5 solar inverters' award at Solartech India 2025?

Afore Wins “Top 5 Solar Inverters” Award at SOLARTECH INDONESIA 2025! Get industrial insights and Afore news here. Explore leading solar inverter manufacture offering residential and commercial PV and storage solutions. Sign up for updates and support.

When did afore Inverters come out?

In 2015, Afore released lightweight three-phase PV string inverters followed by higher power single-phase PV string inverters the following year. By the end of 2017, the firm had introduced string inverters up to 60kW in capacity and in 2018, its first hybrid inverters were unveiled.
