# **Wholesale substation breaker in Singapore**

## Overview

---

### Who is BSE Electrical Supplies?

At BSE Electrical Supplies, founded in 1996, we've built a reputation across Singapore as a dependable electrical stockist and supplier—trusted by builders, contractors, and facility teams alike. When it comes to circuit breakers, our approach goes beyond transactions: we offer insight, guidance, and service.

### What is a substation?

The substation is a temporary or permanent constructed building for the supply of power from SP Group and includes the following. - Constructed from pre-fabricated panels or from concrete. - Sub-mission to SP Group for approval is provided. - P.E. Endorsement and Calculation of structural support will be to be supplied.

### What is a Miniature Circuit Breaker (MCB)?

A Miniature Circuit Breaker (MCB) is a device that ensures electrical safety in homes, offices, and other buildings. ABB offers the latest line of molded case circuit breakers (MCCBs), available up to 1600A, with an integrated residual current device (RCD) to enhance safety.

### What is a containerized substation system?

The containerized substation systems can be configured to supply systems up to 4MVA power distribution for construction sites. - These containerized substations are also to the required international standards or to the local authority requirements in the country they will be used. Compact Tunnel Substations (CTS or MTS)
