Xiaomi Portable AC Power Bank

Overview

Can Xiaomi power bank be used on airplanes?

*Xiaomi Power Bank 20,000 (Integrated Cable) contains two built-in 10,000mAh battery cells with a rated capacity of 13,000mAh (5V) and a rated battery power of 74Wh. According to the International Aviation Standard, a power bank with less than 100Wh power is allowed on airplanes. Actual permitted specifications are subject to the airline.

What is a Xiaomi power bank?

The Xiaomi Power Bank is a compact and convenient charging solution for your devices. Its small size allows you to easily carry it in your pocket, making it perfect for on-the-go charging. With smart fast charging technology, you can quickly power up your smartphones and tablets, ensuring you stay connected.

Does Xiaomi 10000 power bank have a built-in screen?

The new Xiaomi 10000 power bank also has a built-in screen, but it's a basic display and can only show the internal battery percentage and charging status. Besides the built-in USB-C cable, this affordable power bank has one USB-A and one USB-C port.

How much Mah does a Xiaomi power bank have?

Xiaomi has introduced a new affordable power bank in China, and it comes with a rated capacity of 10,000 mAh. Per the company, such a large capacity allows the portable charger to charge most phones more than once. There's support for 67 W fast charging as well.
